

We're staying
haPPE and safe.

**bounce
back.**

The health and wellbeing of our participants, staff and partners remain our top priority. Our prime focus is to act within government guidelines and support those either in prison, due for release or already released.

We are delighted that our community training centre is allowed to remain open and we are continuing to take referrals.

TRAINING IN PRISON The education provision in custody is still halted whilst the prisons remain on lockdown. Our training team have however continued to engage with the prisoners during this time where possible preparing regular theory based cell work while we have been developing our digital learning platform to deliver a wide variety of training in the community. We have also been able to increase the skills of the trainers who now have additional qualifications as well.

We monitor regular updates from HMPPS and although there is no agreed date with the MOJ we are fully prepared with procedures and PPE in place to deliver our courses when the time comes.

TRAINING IN THE COMMUNITY Our community training is now a greater focus and we are delivering courses either ourselves or through our training partners with the emphasis initially on e-learning and, when possible, face to face.

OUR OFFICES The Bounce Back office team are working remotely from home and in our Victoria offices which are Covid compliant. Caseworkers have continued with their work supporting participants and will engage ongoing within the Government guidelines.

We would like to thank all our employers, supporters and staff who have been so understanding and generous during this time. From the challenges have come some great new initiatives and we are learning to do things differently. More than that, it is through collaboration that we have all been able to flourish and we are delighted to have cemented some terrific relationships in our sector during this time. We also wholeheartedly applaud the prison staff who have worked so hard to keep people safe.

If you are keen to reach one of our team and have just left prison

- **Contact us on: 0207 735 1256**

If you are a referral partner looking to refer someone

- **Please email help@bouncebackproject.com and a member of our team will be in touch to discuss their options.**
